	Based Local Exchange and Interexchange)	
	Telecommunications Services, for Flexible)	
	Regulation of its Local Exchange Services, and)	
	for Modified Alternative Regulation.)	

This matter comes before the Public Service Commission of South Carolina (Commission) on the request of Telecon Communications Corp. (Telecon or the Company) to cancel the Company's Certificate of Public Convenience and Necessity (Certificate) to provide local exchange and interexchange telecommunications services in South Carolina. A review of the Commission's records reveals that the Commission granted Telecon authority to provide resold and facilities-based local exchange and intrastate telecommunications services in the State of South Carolina by Order No. 2003-680, dated November 20, 2003.

On May 12, 2006, Telecon, through the Company's counsel, advises the Commission that the Company has never offered services in South Carolina since Telecon's authority was granted by the Commission. Additionally, Telecon states that the Company has determined that it no longer desires to offer telecommunications services in South Carolina.

As Telecon is not providing the services for which the Company's Certificate of Public Convenience and Necessity was granted, the Commission finds and concludes that Telecon's Certificate of Public Convenience and Necessity to provide telecommunications services should be cancelled.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide resold and facilities-based local exchange and intrastate interexchange telecommunications services in the state of South Carolina authorized by Order No. 2003-680, dated November 20, 2003, issued to Telecon Communications Corp. is hereby cancelled.

2. This Order shall remain in full force and effect until further Order of the Commission.
